

Revision in Fuel & Terminal Infrastructure Surcharge with effect from 1st December 2018

Date: 02.11.2018

Dear Customer,

This advisory is being published because we hereby would like to inform you that there is a significant increase in our terminal operational cost because of continuous increase in fuel and other input prices.

At Adani logistics, we are continuously striving to be most efficient and valuable business partner to our customers. In our endeavour to constantly provide you better service we have revised our **Fuel Surcharge & Terminal Infrastructure Surcharge** effective 1st December 2018 as per below:

Our **Revised Fuel Surcharge** for ICD Patli:

Charge Name	Type	20'	40'
Fuel Surcharge	Laden Container	INR 237	INR 309
	Empty Container	INR 109	INR 177
Terminal Infrastructure Surcharge	Laden & Empty	INR 491	INR 491

Date of Implementation: 1st December 2018

Applicability: This charge applies to all the containers i.e., Import, Export & Domestic based on their gate-in date at ICD Patli.

Please reach out to our representative if any further clarification is required.
