

**Customer Advisory: Implementation of Seamless e-DO at Adani
CTs W.E.F. 01st January 2021**

Dear Valued Customers

Greetings from Adani Mundra Container Terminal

We would like to advise that Adani Mundra Container Terminal has developed the Terminal Operating System (TOS) to consume the electronic message of Delivery order directly in our system.

Our TOS has started reading and updating the E-DO & Out of charge documents for INMUN and INDPD containers, thus to start a paperless process of delivering import containers from terminal, we urge you all to start issuing the Electronic Delivery Order.

This process will eliminate the manual entry of user to release the Import delivery from CY and help in the digitalization of the complete process of Import Delivery. Seamless communication flow via PCS Portal to IPOS will occur instead of multiple emails being sent.

E-DO and OOC are hugely beneficial to the trade especially for SEZ and DPD units which are being delivered to the clients in the terminal itself

We look forward for your co-operation to receive 100% E-DO .If you have any queries, please connect with Sanjay Singh (Sanjayk.Singh@adani.com)
